SOFTWARE SOLUTIONS

League Leader is TouchTunes' online software platform that helps operators manage dart leagues and tournaments by automating scheduling, scoring, stats, and team tracking. It connects directly with BullShooter dartboards to sync results in real-time and makes it easy for players to view standings online.

Tournament King Online (TKO) is TouchTunes' software platform that enables operators to run remote dart tournaments on BullShooter Galaxy 3 dartboards, allowing players from various locations to compete in real-time. The system automatically manages brackets, reports match results, and provides live updates, streamlining the tournament experience for both organizers and participants.

The **BullShooter Live app** by TouchTunes is a free mobile companion for players using BullShooter Galaxy 3 dartboards. It allows you to find nearby BullShooter dartboards and sign in using a QR code or HotButton. With the app you can: track your stats, view tournament brackets, and receive match notifications.

You can download the app for iOS or Android from the App Store or Google Play.
